State Reports Message

We have been working on State Reports in some capacity since the beginning of school. However, we will be working on them every day starting this week. I will be sending all the information you need to know, including due dates and the Home Project directions. We will be using our new Google Classroom which can be accessed from home. This will be the first year TOL 5th Grade has had access to Google Classroom. I'm excited for this 5th grade class to be the first to utilize it during State Reports. I hope this will help your feel more engaged and aware of what's going on. :)
